The Best Post-Sunburn Mask

Farmaesthetics® 
Fine Herbal Skincare From the Farm

Farmaesthetics Herbal Hydration Complex Mask, \$50

The daughter of a seventh generation farming family in Texas, Brenda Brock created Farmaesthetics to provide handmade, herbal skin-care products which she first sold at an organic farmstand in Rhode Island. Now a major beauty brand, her powerful mask has the all-healing witch hazel, chlorophyll (the great detoxer), and peppermint—which cools and calms the skin, making it a seriously soothing post-sun treatment.
